

# Cued Articulation Course Instructions

## System requirements

- ) You will need to use a PC or Mac. The system does not run well on tablets or smart phones.
- ) The system runs on your internet browser, so please ensure that you have the latest browser version loaded on your computer.
- ) If you experience technical difficulties, try loading a different browser such as Firefox or Chrome. Parts of the course require high computer memory, so switching to a more capable computer may help.

## Course access

- ) Please go to [elearning.soundsforliteracy.com](http://elearning.soundsforliteracy.com) and enter your username and password.
- ) Then click on 'My Courses' and click through to the course.

## Course conduct

- ) I would encourage you to print the course handout before commencing (in colour) – this is handy to have with you as you work through the course, providing a hard copy of charts, etc, and something on which to make notes. You will find the course notes pdf in the resources folder near the top of the course module menu.
- ) You will need coloured markers to complete the worksheets in modules 3, 4 and 5.
- ) Work through the course at your own pace, logging on and off as required. The course is designed so that every module and slide must be viewed so do not jump ahead on the menu. Once you have completed a slide/module, you can go back over it and review it as many times as you like. If the course completed tick does not appear when you close a module, click on the refresh button on your browser.
- ) I suggest that you set a plan for completing the course in no more than 3 weeks in order to get the best benefit from the sequential nature of the instruction.
- ) I will look forward to receiving any feedback you may like to provide on the feedback option. If you have any comments to make during the course, please send me an email.
- ) If you experience technical difficulty with the course, it may be useful to check our FAQ page <http://www.soundsforliteracy.com.au/faq.html> before contacting me.
- ) Remember to download or print your certificate at the end of the course.

## Course administration

- ) I will post your Cued Articulation Consonants and Vowels book to the address you provide.
- ) Please check that your name is spelled correctly on the system, as this is how it will appear on your certificate. You can amend your name when logged into the online course by clicking on the picture symbol above your name on the left and clicking on 'Preferences' and 'Edit Profile'.
