*WORD LIST*

*INITIAL CONSONANT*

*SOUNDS*

## CUED ARTICULATION WORD LIST

### INFORMATION ABOUT THE WORD LIST

*This book was written to accompany the activity book 'Cued Articulation. Classroom Activities to Teach Children About Sound'.*

*To assist class teachers in selecting the objects and pictures for an activity or in selecting the best activities for focusing on a particular sound the following word list has been compiled.*

*As the starting point in sound analysis usually involves listening to and identifying the first sound in a word, the word list is based on the initial consonant sounds of English.*

*The words are grouped alphabetically into themes or categories and then further categorized into single syllable words, multisyllable words and words beginning with a consonant blend. This represents the general order of difficulty in identifying the initial sound in a word.*

*Identification of the initial or beginning sound in a word can be assisted by:-*

- *elongation the long sounds e.g. sssun, mmman, fffly etc*
- *breaking the explosion sounds /p/, /b/, /t/, /d/, /k/ and /g/ from the beginning of the word, blending the word back together and discussing how the first sound slides into the next sound e.g. b-at, bat*
- *stretching out all the sounds in a word while emphasizing the initial sound by saying it more loudly. This give the student more time to hear, see and feel the sounds*
- *encourage the students to discuss what they can hear, see and feel. Discuss is the sound quiet or noisy ( voiceless or voiced), where the sound is made, what is working/moving and how does it move?*

## CUED ARTICULATION WORD LIST

*Please note that for ease of reference with the word lists phonetical symbols are used in the headings only.*

*The initial consonant sounds or phonemes are presented in the following order:*

- /b/ as in boy.*
- /k/ as in car, kite and quiche.*
- /d/ as in dog.*
- /f/ as in five and photo.*
- /g/ as in go.*
- /h/ as in head.*
- /d / as in jar and ginger.*
- /l/ as in love.*
- /m/ as in me.*
- /n/ as in no, knit and gnome.*
- /p/ as in puppy.*
- /r/ as in rat and wrist.*
- /s/ as in see, cent, sword and scene.*
- /t/ as in tea.*
- /v/ as vet.*
- /w/ as in wind.*
- and*
- / /\* as in 'wh' words such as white, when etc.*
- /j/ as in you*
- /z/ as in zoo.*
- / / as in thin.*
- / / as in the.*
- / / as in chair.*
- / / as in ship, sugar and chamois.s*

*\* The use of this sound is decreasing in Australia and it is being replaced by /w/.*
